

***Use energy wisely.***

***Choose energy wisely.***

***We want to help you get the most for your energy dollar.***

Saving money starts by conserving energy, but you can also find value when you shop energy suppliers. As your energy delivery company, BGE encourages you to shop, and helps make the process easy by listing all approved gas and electricity suppliers and contact information at our website. Whether you choose a new supplier or not, BGE will continue to maintain the lines, restore your power after an outage, and provide emergency service. It pays to shop, at [bge.com/energychoice!](http://bge.com/energychoice!)
