

Thank you for attending the 2022 Premier Customer Meeting

An interactive and informative annual meeting with BGE's large customers to provide networking and learnings about BGE initiatives to support your business objectives

Thank you to all our Premier Customers that attended the Meeting on September 29, 2022, held at the UMBC event center. This was our first in-person event since the pandemic at it was wonderful to see everyone. This year's event was about **"Powering a Cleaner and Brighter Future"** where we had a chance to exchange information about your companies' goals around sustainability, energy savings, reliability, resiliency, grid investments, product, and service offerings BGE has and can develop in the future to support your business and the communities you serve.

This year we featured Presenters and On-Site BGE partners to provide information on:

- EV Vehicles & Electrification
- Reliability & Gas Innovations
- Energy Savings Solutions
- Gas Policy Updates
- BGE's Path to Clean
- Outdoor & Private Area Lighting
- Economic Development
- Corporate Community Impact
- Live Energy Manager Tool Demo

Customer Feedback “Liked Most”

- 86% would recommend to a friend
- Meeting Rep and different BGE team members
- Learning BGE’s plans for carbon reduction & clean energy
- Lots of good information relevant to my business
- BEM system and that gas is part of BGE future
- All the Clean Energy information
