BGE Programs and Payment Options
Energy Choice allows you to make smart energy choices and decide which energy supplier best fits your needs. You can choose to purchase your gas and/or electricity from any energy supplier that is licensed by the Maryland PSC and registered with BGE.

Be sure to research and compare suppliers. Look carefully at the details of each supplier’s offers and contract terms. Does the supplier offer flat rate, charge a variable market rate, or guarantee a discount compared to BGE’s price? Also consider the length of the contract term and ask if the supplier charges an early termination fee.

1. For electricity supply, use the BGE Electric Supply Comparison Information, which appears in the “Important Information About Your Bill” section on your BGE bill, to compare BGE to other suppliers’ offers. You can also find BGE’s historic gas prices and BGE’s electric supply price information at bge.com/energychoice.

2. Before signing a contract with a new supplier, be sure the company is licensed by the Maryland PSC and registered by BGE. For a list of suppliers and contact information, visit bge.com/energychoice or visit psc.state.md.us.

3. Once you have selected a supplier, contact them directly. Suppliers will request your Choice ID number when you sign up for or change your electric or gas plan. Refer to the Electric and Gas Choice ID numbers on the 1st page of your BGE bill. Your Electric Choice ID number appears to the right of the “electric circle chart” and the Gas Choice ID number appears to the right of the “gas circle chart.” Choice ID numbers are not the same as your BGE account number.

4. After you authorize a supplier to enroll you, they will contact BGE.

Even when you choose other energy suppliers, BGE will deliver your gas and electricity, maintain pipes and wires, restore power after an outage and provide emergency service.

SAVE ENERGY, SAVE MONEY TIP:

Choose EnergyStar℠ appliances when possible for lower operating costs.
If you are having difficulty paying your gas and electric bills, please call one
of the telephone numbers below to reach a BGE office. We may be able to
work out payment arrangements.

BGE Special Programs

Budget Billing
Budget Billing smoothes your utility payments by spreading them
evenly throughout the year, so you will know what to expect each
month. So despite unpredictable swings in the weather, your
energy bills are still predictable.

Under this payment plan, BGE calculates your budget bill amount
by averaging your 12 most recent gas and electric bills plus any
accumulated imbalance amount. BGE will still continue to read
your meter each month and your bill will always show details of the
actual charges and consumption for the billing period, as well as
your account balance.

To prevent any large deficits or overpayments, BGE will review
your account throughout the year. If your budget billing amount
needs to be adjusted higher or lower than current monthly
payments to reflect your actual usage, BGE will notify you one
month prior to the change with your new Budget Billing payment
amount. Interest at the rate of one half of one percent per month
is applied to any credit balance in your Budget Billing account.
Interest will be credited annually to all customers in the month
of June.
If you have selected an alternate gas or electric supplier, BGE will still deliver your energy. However, your Budget Billing amount will only include your gas and/or electric delivery service charges from BGE. The charges from your supplier will be listed as a separate item on your bill. Most residential and small commercial customers are eligible for Budget Billing and you can join or withdraw from the program at any time. To sign up for Budget Billing, call 800.685.0123.

**Bill Extender Plan**
If you receive a monthly income (such as a retirement pension, Social Security benefit and/or financial aid through government-sponsored, limited-income assistance programs), BGE will adjust your bill’s due date. Call us for more information on our Bill Extender Plan at 800.685.0123.

**Third-Party Notification**
If you are ill, away from home for a long time, or unable to handle your own affairs, you may designate a third party to receive a copy of your bill or final turn-off notice. A third party can arrange payment or investigate on your behalf without being liable for the account of the customer. Please call BGE at 800.685.0123 for more information.

**Customers with Special Needs**
If you or a person in your household has a serious illness or uses life support equipment, as certified by a physician, a certified nurse practitioner, or physician’s assistant, you may postpone service disconnection for an initial period of 30 days. You must enter into and comply with a deferred-payment plan within 30 days of submitting the certification. For more information, please call BGE at 800.685.0123.

**Hospital Program**
If you are in the hospital and worried about not paying your BGE bill on time, contact a hospital social worker. The social worker will call BGE to explain the situation and discuss the time of discharge of the patient.

Electric Safety

Fallen Wires – During storms, wind and trees can damage utility equipment. If you see downed electrical wires, stay away and warn others. Immediately call BGE, and we’ll send a crew to fix the problem. If a wire falls across your car while you are in it, do not get out of the car until emergency help arrives and it is safe to exit.

Overhead Lines – When working outside, stay at least 10-ft away from overhead power lines. If you need to work within the 10-ft safety zone, call BGE first and we will work with you to make the area safe. Also, use a professional to trim trees near overhead power lines.

Natural Gas Safety

If you detect a gas leak:

- Leave the premises immediately and go to a safe place where you can call BGE at 877.778.7798 OR 800.685.0123.
- Extinguish all open flames. Do not use matches or lighters and do not attempt to light an appliance.
- Do not touch any phones, electric switches, thermostats or appliance controls. All of these devices, including battery operated equipment, can cause sparks and ignite natural gas.
- Do not start or turn off any vehicles or motorized equipment. Abandon any motorized equipment you may be operating.
- Do not attempt to find the source of the leak or to repair a leak.

Even homes that don’t use gas can experience gas leaks through walls from outdoors. Calls for emergency gas service are answered 24 hours a day, seven days a week. A service person will come to your home free of charge. Remember, if you smell gas, leave your home first, THEN call 800.685.0123.
