Create a year-round energy plan that fits your needs.

Costs are up everywhere, and that includes electricity and natural gas. As your local energy delivery company, BGE's job is to make sure the energy you count on is safe, and reliable — especially as seasons change and energy use increases. That's why we continue to invest in safety and reliability. There are assistance options, flexible payment plans and programs that give you the power to take charge. For a customized energy plan, start with our online Assistance Finder at [bge.com/TakeCharge](https://www.bge.com/TakeCharge).
