Re: Case No. 8697 Compliance Filing

Dear Mr. Johnston:

Filed herewith is Supplement 487 to P.S.C. Md. G-9 to become effective June 2022. This supplement revises the Comprehensive Balancing Service Price and the Self-Balancing Service Price for Daily-Metered customers. Please note that both clean and red-lined versions of the revised tariff sheets are provided herein.

The Proposed Order of the Hearing Examiner in Case No. 8697 directed the Company “to submit to the Commission an annual analysis of its balancing costs, balancing revenue, its assessment of the level of competition for this service, and its proposed fees” (page 85). Among other things, this directive was confirmed by the Commission in Order No. 72269. The attached report is submitted in compliance with that directive.

The proposed fee for Comprehensive Balancing Service Price for Daily-Metered customers is \$0.0007 per therm.

The proposed Self-Balancing Option Imbalance Prices are as follows:

<u>Percent of Imbalance</u>	<u>Imbalance Fee</u>
0 – 3%	\$0.0 per therm
3 – 6%	\$0.00486 per therm
6 – 10%	\$0.00648 per therm
10 – 15%	\$0.01296 per therm
> 15%	\$0.02592 per therm

Sincerely,

John C. Frain
