Re: Case Nos. 9056/9064 - Revisions to P.S.C. Md. E-6 – Type II Standard Offer Generation Market-Priced Service

Dear Mr. Johnston:

Baltimore Gas and Electric Company (BGE) files herewith Supplement 668 to P.S.C. Md. E-6, BGE's Retail Electric Service Tariff. This filing revises Rider 1 – Standard Offer Service for the Type II rates. The Type II bid results were accepted by the Maryland Public Service Commission in Order No. 89854 issued June 10, 2021, in the above-referenced cases, following the June 7, 2021 Standard Offer Service solicitation. The Type II rates are effective September 1 through November 30, 2021.

The attached documents include red-lined and clean versions of these Tariff pages. BGE respectfully requests consideration of these Tariff revisions no later than the August 11, 2021 Administrative Meeting. This schedule would allow adequate time so that these revised Type II rates can be reflected in the next Rider 1 filing to update the Administrative Charge scheduled to be made at the end of August.

Pursuant to the Commission's March 16, 2020, Notice of Waiver and Relaxed Filing Requirements, the Company will not provide paper copies of this filing.

Sincerely,

John C. Frain
