Looking for a way to reduce your energy bills? BGE can help. Just set up your login at [BGE.com/MySignup](https://www.bge.com/MySignup) and find tools and tips to help you save energy year-round. You can even compare your home's energy usage to your neighbors'.

Check out [BGE.com/MyEnergy](https://www.bge.com/MyEnergy) to see how much energy you're using and when — down to the day or even the hour — so you can adjust your usage to avoid surprises on your bill.

Set up alerts to keep bills in check.

Go to [BGE.com/MyAlerts](https://www.bge.com/MyAlerts) to set up High Usage Alerts by text, email or phone call. We'll let you know when your usage is trending higher than usual so you can take simple steps to reduce your energy usage.

You can set a custom dollar amount and we'll notify you anytime your projected bill is approaching that amount for the month.*

Find out what uses the most energy in your home.

Go to [BGE.com/MyHome](https://www.bge.com/MyHome) to answer a few simple questions and get customized tips to help make your home more energy efficient.

You'll receive a detailed Home Energy Analysis, so you can see at a glance where you could reduce your usage and save money.

*Customers who choose a dollar amount for their alert threshold are able to receive alerts immediately, otherwise you must have 12 months of billing data to receive this alert. Dollar alert threshold feature is not available for customers on Budget Billing.

Take advantage of these simple energy-saving tools today.
