

An Exelon Company

BGE Authorized Contractors

Design & Development Services

A&E Services

BGE will only accept drawings for proposed cell sites from the preferred vendor list as provided below. While this may impact the reduced price points that our customers are able to negotiate, we believe it is necessary to engage firms who have a proven track record with us and understand the nuances of our electrical system requirements. By utilizing firms who have consistently produced an excellent work product with minimal revision, we not only streamline the review process, but add another layer of assurance that our sites are being built *safely* and *to spec* under our construction guidelines. For our customers, this should result in fewer revisions, better turn-around times and quicker permits as the firms chosen are familiar with jurisdictional requirements.

Entrex Communications Services, Inc.
660 Rockledge Drive, Suite 550
Bethesda, MD 20817
(202) 408-0960
Cabot Goudy
cgoudy@entrex.com
<http://www.entrex.com/>

Daft McCune Walker Inc (DMW)

Structural Analysis

BGE orders the structural analysis for our customers. A PO or check must be provided in advance of the request and any questions directed to your respective Account Manager. The vendors approved for these services are as follows:

Communications Towers:

Entrex Communications Services, Inc.
Morris Ritchie Associates, Inc. (MRA)

Transmission Structures:

Ekman Engineering, PC
Main Line Energy Consultants, LLC

Tower Design Services

New tower development is coordinated through your respective BGE Account Manager and Construction Specialist. BGE will provide an RFQ detailing the design specifications for a new monopole and the Carrier will secure quotes for approval by BGE using one of the following approved vendors:

Fort Worth Tower, Inc.
<http://www.fwtinc.com/>

Valmont Industries, Inc.
<http://www.valmont.com/>

Rohn
<http://www.rohnet.com/>

Sabre Industries, Inc.
<http://www.sabreindustriesinc.com/>

Construction Services

Subcontractors

BGE acts as the General Contractor and performs all construction services on our sites and therefore **any communication should be directed to the BGE Construction Specialist** assigned to the site. The following list of our construction subcontractors is provided as a courtesy for informational purposes only:

Construction:

- Allegheny Industries
- Blue Sky Management Group
- Mid-Atlantic Contracting
- T&B Electric
- Teltronic Towers, Inc.
- Tower 16, Inc.
- Wolf Contractors

Crane Services:

- Digging & Rigging Crane Co.
- Eastern Crane Service
- W.O. Grubb

Electricians:

- Allegheny Industries
- BRS Electric
- T&B Electric
- Power Technology Services

Electricians

Given the need for immediate repairs when copper theft or vandalism occurs and BGE's limited resources to coordinate such work in a timely fashion, BGE has identified a few companies who are very familiar with our construction and safety standards. In the event of an issue, PLEASE NOTIFY BGE OF THE INCIDENT and contact one of following vendors directly to perform the repair:

Allegheny Industries
402 Center Street
Mt. Airy, MD 21771-5493
(301) 607-8100
Kevin Stansberry
kstansberry@alleghenyindustries.com

T&B Electric
2134 Espy Court, Suite 30
Crofton, MD 21114
301-261-3701
Joseph Wilson
Joe.tandb@verizon.net

BRS Electric
14049 Triadelphia Rd
Glenelg, MD 21737
443-745-8060
Bryan Sisk
brysisk@verizon.net

Power Technology Services
28080 Mechanicsville Road
Mechanicsville, MD 20659
301-290-0628
Gary McNutt
gary@cellpwr.com

Drive Tests

BGE does not perform Drive Tests for our customers at BGE facilities unless it is deemed unsafe or mission critical, which would then require us to perform such test. Alternatively, we will provide a safety watchman and allow the customer to engage a BGE-authorized contractor directly to perform the task. The following vendors are approved to provide drive test services:

Allegheny Industries
402 Center Street
Mt. Airy, MD 21771-5493
(301) 607-8100
Kevin Stansberry
kstansberry@alleghenyindustries.com

Teltronic Towers, Inc
215 Westhampton Place
Capitol Heights, MD 20743
(301) 350-6400
Gary Dathe
gdathe@teltronic Towers.com

Digging & Rigging Crane Co.
6037 Buffalo Road
Mt. Airy, MD 21771
(301) 972-4470
Wayne Gregory
wgregory@digrig.com

Tower 16, Inc.
415A Pulaski Hwy.
Joppa, MD 21085
(410) 679-9916
Ed Humes or Brian Logue
ehumes@tower16.com
bloque@tower16.com

Mid-Atlantic Contracting
7749 Woodbine Road
Woodbine, MD 21797
(410) 795-4800
Wayne Diercks or Fred Chandler
wayne@MidAtlanticContracting.com
fred@midatlanticcontracting.com

Wolf Contractors
1965 Mt. View Road
Marriottsville, MD 21104
(301) 706-4999
