

Street Lighting

BGE offers unmetered street lighting service supplied from overhead or underground facilities on dedicated public streets and roads where required by Municipal Agency or an incorporated association of local residents.

Whether a new residential development, urban streetscape, or single light installation, BGE offers a variety of lighting options to illuminate thoroughways service territory wide from dusk to dawn. Additionally, BGE can assist with the lighting design and handle all aspects of installation and maintenance.

Maintenance

BGE offers a Preventive, Reactive, or Time and Materials maintenance plan to best fit your needs with maintenance specialists on-call 24 hours a day, seven days a week.

- Diagnose and repair service
- Proactive replacement and cleaning of lighting equipment
- Refurbishment of fixtures
- On-call emergency response
- Cable replacement and fault repair
