

## WE MANAGE GROWING RISKS

An Exelon Company

BGE's commitment to electricity reliability goes beyond maintaining just the poles and lines—it extends to the trees surrounding more than 10,500 miles of overhead power lines. Our Tree and Vegetation Management Program includes pruning and removing trees that may cause electric outages, as well as managing the vegetation above our underground natural gas transmission pipeline network. All of this attention to trees has reduced tree-related power interruptions by more than 35% where branches have been cut back from the lines. To learn more about how smart energy gets more reliable every day, visit [BGE.COM/RELIABILITY](https://www.bge.com/reliability).

**RELIABLE ENERGY. SMART ENERGY.**

## TO KEEP JUDY'S BUSINESS **HUMMING.**
